

Are your LCD's getting the point?

Kitchen Display Savers

Inexpensive
Practical
Reliable
Cleanable
Safety

This actual event was a \$ 650 repair that could have been avoided.

KDS — Kitchen Display Savers

Let me get to the point ...

This **New** approach to **safety** will provide a **savings** for your restaurants.

- Covers the glass surface
- Fits without fasteners
- Easily removed for cleaning
- Restaurant dishwasher safe at 200°F
- Strong, durable material
- FDA approved for a kitchen
- Very light weight
- Different sizes for different monitors

**This monitor has the protective cover on it.
So clear it's almost impossible to see!**

Color enhanced to allow you to see the Kitchen Display Saver
